3. Once logged in, you will be navigated to the exhibitor's portion of the entry process. If you have previously used FairEntry, you will find a list of exhibitors you have previously created. If you are new or have a new exhibitor, you will click on the "Register an Exhibitor Button". You will then enter the required information for your exhibitor. Please note that each family only needs to have one FairEntry account. You can add all of your children as exhibitors in your account and complete all of their entries in one purchase.

4. Each exhibitor will be prompted to answer two questions. All exhibitors should select "Animal Exhibits and/or Sale Ring Cakes" for Question 1. You can then select whether or not you will be bringing an RV for the county fair.

A screenshot of a "Questions" form. The first question is "1. What are you entering?" with a "*Required" label. It has two radio button options: "Animal Exhibits and/or Sale Ring Cakes [\$2.00] (500 spots available)" and "4-H In-Door Entries ONLY [\$0.00] (500 spots available)". A red arrow points to the first option. The second question is "2. Do you need an RV Space?" with a "*Required" label. It has two radio button options: "Yes" and "No". At the bottom right of the form is a green button labeled "Continue" with a right-pointing arrow.

5. You will then review your exhibitor's information and have the chance to edit any incorrect information. Once you have reviewed all of your information, select "Continue to Entries".

Please review the exhibitor registration.
